

3. Local Infrastructure

- Closest cities :
- Closest airport :
- Closest train station :
- Closest paved road/highway :
- Electricity :
- Flow deficiencies (black-outs):
- Fuel infrastructure:
- Water infrastructure :

4. Workforce

- Qualified construction workforce : Average hourly rate :
- Non-qualified workforce : Average hourly rate :
- Currency :
- Average weekly work-hours :
- Additional union requirements :

5. Project Location And Landscape

- Address :
- Country :
- Height above sea level :
- Landscape :
- Type of topsoil on site :
- Soil draining ability :
- Level of subterranean waters :
- Total area :
- Project field dimensions:
- Access to site :

9. Equipment and Machinery

- Heating system :
- Cooling system :
- Shading system :
- CO2 Supply system :
- Irrigation system :
- Water supply :
- Artificial lighting :
- Computer systems :
- Additional equipment requirements may include :
 1. Fertilizer containers
 2. Soil preparation
 3. Seeding/planting
 4. Fertilization
 5. Trellising system
 6. Harvesting / Harvest regulation
 7. Washing / dry and sorting machinery
 8. Packaging machinery
 9. Internal transportation / containers

10. Service Building

- One service building is required for :
 1. Main storage for produce
 2. Sorting and packaging
 3. Initial refrigeration
 4. Technical maintenance area

11. Supervision / consulting Services

12. Requested Timeframe

- Beginning of construction :
- Beginning of cultivation :

Thank you for your time and effort, please do not hesitate to contact me for any further information.

Thanks,

Projects Department - O.A.P.I
